**Re: *Johnson & Johnson Health Care Systems, Inc. v. Save On SP, LLC*
No. 2:22-cv-02632 (JKS) (CLW)**

Dear Judge Wolfson:

On behalf of Save On SP LLC (“SaveOn”), we ask Your Honor to compel Johnson & Johnson Health Care Systems, Inc. (“JJHCS,” and, with its affiliates, “J&J”) to search for and produce documents responsive to SaveOn’s document requests from custodians and non-custodial sources of the following J&J entities: **Janssen Biotech, Inc., Janssen Pharmaceuticals, Inc., Janssen Scientific Affairs, LLC, Janssen Therapeutics, Actelion Pharmaceuticals US, Inc., Janssen Immunology, Janssen Products, L.P., and Janssen Global Services, LLC** (the “Janssen Entities”).

Overwhelming evidence shows that these entities have information relevant to this case. Relevant information is that which is “reasonably calculated to lead to the discovery of admissible

Hon. Freda L. Wolfson

Page 2

evidence.” *Pearson Educ., Inc. v. Chegg, Inc.*, No. CV 21-16866, 2023 WL 3775317, at *4 (D.N.J. June 2, 2023). Despite this broad definition of relevance, and the overwhelming evidence that Janssen Entities have relevant material, J&J continues to assert that JJHCS is the only “relevant” J&J entity and refuses to search outside of JJHCS. *See, e.g.*, Ex. 1 (JJHCS’s Responses & Objections to SaveOn’s First through Sixth Sets of Requests for Production) (“JJHCS objects to the definition of [several terms] to the extent the term is used to seek documents and communications in the possession of entities other than JJHCS” and “JJHCS further objects to this Request to the extent it seeks documents and communications in the possession of entities other than JJHCS.”); *see also* Ex. 2 (Feb. 13, 2024 Ltr. from C. Zielinski to E. Snow) at 1 (“JJHCS is the sole relevant entity within Johnson & Johnson with respect to the development, marketing, and administration of CarePath.”). The parties are thus at impasse.

I. The Janssen Entities Were Heavily Involved in Topics Central to This Litigation

Discovery confirms that individuals working for or with Janssen—the J&J company that makes and sells the specialty drugs at issue in this case—were involved with Janssen CarePath (“CarePath”), J&J’s program designed to entice patients into purchasing more of those drugs. The Court recognized, for example, that the Janssen Americas Leadership Team (“JALT”) made decisions regarding CarePath, June 27, 2023 Hr’g at 97:10-25, and Your Honor compelled J&J to designate Scott White, a member of the JALT who is not a JJHCS employee, as a custodian because of his involvement with CarePath. Dkt. 192 at 28, 30; Jan. 24, 2024 Hr’g at 128:22-129:12.

This motion focuses on evidence that multiple entities within Janssen—the Janssen Entities—have relevant information including on (1) CarePath’s terms and conditions (“T&Cs”); (2) J&J’s mitigation of its purported damages; and (3) J&J’s allegations of patient harm.

Hon. Freda L. Wolfson

A. The Janssen Entities Were Involved in Proposing and Implementing Changes to CarePath's Terms and Conditions

J&J brings a claim that SaveOn allegedly induces patients to breach CarePath's T&Cs. Compl. ¶ 109. A key issue is whether patients in fact breached those T&Cs. Your Honor held that the T&Cs, especially the "other offer" provision that J&J put at issue, are central to this case, (Jan. 24, 2024 Hr'g at 4:15-17), and compelled J&J to produce documents relating to the drafting, meaning, and enforcement of the T&Cs. *See* Dkt. 192 at 11-14.

Janssen Entities employees were involved in editing CarePath's T&Cs. As far back as August 2013, for example, [REDACTED]

B. The Janssen Entities Helped Develop and Execute J&J's CAP Program and Other Efforts to Respond to SaveOn and Similar Companies

J&J's purported damages are based on its allegation that SaveOn made J&J pay out more in copay assistance funds than it otherwise would. Compl. ¶ 5, 23, 110, 115. A key issue is thus whether J&J mitigated these purported damages, and if so, to what extent. Judge Waldor and Your Honor ordered J&J to produce documents relevant to these efforts. Dkt. 171 at 88:9-10, 93:21-23; Dkt. 173 at 2; Dkt. 192 at 14, 26, 29. One of J&J's primary efforts to respond to SaveOn and companies that J&J believed were similar to it was J&J's CAP Program, designed (among other things) to better understand copay accumulators and maximizers, identify members of SOSP-advised plans or of so-called accumulators and maximizers, and reduce the amount of money Care-Path sent to those members. Dkt. 192 at 25.

Discovery shows that the Janssen Entities worked on these efforts.

Fourth, the Janssen Entities were involved in planning and analyzing J&J's strategy of lowering the maximum copay assistance benefit available for Stelara and Tremfya patients; developing timelines and procedures for the change; analyzing how it would benefit J&J's bottom-line; and considering how patients would react. harm in denying SaveOn's motion to dismiss that claim. Dkt. 68 at 13. SaveOn disputes this assertion and is entitled to discover what if any basis J&J had for this claim. II. J&J Must Search for and Produce Relevant Discovery from the Janssen Entities

J&J does not dispute that it has legal possession, custody, or control of information and documents at the Janssen Entities. *See* Fed. R. Civ. P. 34(a)(1) (parties must search for and produce relevant discovery within their possession, custody, or control); *Mercy Cath. Med. Ctr. V. Thompson*, 380 F.3d 142, 160 (3d Cir. 2004) (“In the context of Fed. R. Civ. P. 34(a), so long as the party has the legal right or ability to obtain the documents from another source upon demand, that party is deemed to have control.”).

Given the Janssen Entities’ extensive involvement in matters at issue in this case, J&J could not readily deny that control. *See, e.g., Camden Iron & Metal, Inc. v. Marubeni Am. Corp.*, 138 F.R.D. 438, 440, 442-43 (D.N.J. 1991) (finding subsidiary controlled parent company’s documents where subsidiary obtained documents from parent related to transaction at issue and parent was substantially involved in transaction); *Davis v. Gamesa Tech. Corp.*, No. CIV. A. 08-4536, 2009 WL 3473391, at *5–6 (E.D. Pa. Oct. 20, 2009) (finding company controlled sister company’s documents where two entities shared a parent, there “was a free flow of information and documents” between the two, and sister company was involved in making decisions about the product at issue); *Jordan v. Sw. Energy Co.*, No. 3:20-CV-414, 2022 WL 16964003, at *5 (M.D. Pa. Nov. 16, 2022) (finding company controlled subsidiary’s documents where two companies shared offices, had a “closely intertwined working relationship,” their “financial dealings [were] intimately related,” and “they play[ed] closely coordinated and overseen roles” in transactions at issue).

J&J also has control of documents at the Janssen Entities as a practical matter—when the Court or Your Honor has ordered J&J to produce information from J&J entities other than JJHCS, J&J has done so. *See* Dkt. 127 (“Plaintiff shall conduct a further investigation regarding non-JJHCS personnel (e.g., employees of Janssen entities) responsible for making decisions regarding the CarePath program, and shall supplement its interrogatory responses, as appropriate.”); Dkt.

That’s not a good answer.”); Dkt. 173 (compelling J&J to add six of seven proposed “CAP custodians”); Ex. 78 at 2 (Nov. 28, 2023 Ltr. from J. Long to M. Nelson) (J&J agreeing to add CAP custodians including non-JJHCS J&J employees John Hoffman, L.D. Platt, and Alison Barklage); Dkt. 192 at 14, 28-29 (compelling J&J to add non-JJHCS custodians Scott White, Karen Lade, Savaria Harris, and Jennifer De Camara); *id.* at 14 (“The parties shall meet and confer on a new set of search terms to adequately vet documents in the possession of Plaintiff or ***any of the J&J entities responsible*** for drafting the Stelara & Tremfya T&Cs.” (emphasis added)); *id.* at 11 (“Regardless [of] whether this is a standard term, [SaveOn] is permitted to seek documents that [J&J] has in its possession which could shed light on what [J&J] and/or ***other J&J entities*** believed ‘other offer’ meant, particularly since this term was included in the relevant agreements.” (emphasis added)); *see, e.g.,* Exs. 79-81 (JJHCS_00162691, JJHCS_00184656, JJHCS_00220679) (██████████).

Despite this, J&J continues to assert that JJHCS is the only “relevant” J&J entity. *See, e.g.,* Ex. 2 (Feb. 13, 2024 Ltr. from C. Zielinski to E. Snow) at 1 (“The answer is no. We restate our position, held throughout this litigation, that JJHCS is the sole relevant entity within Johnson & Johnson with respect to the development, marketing, and administration of CarePath.”).

J&J’s position is not tenable. In responding to SaveOn’s discovery requests, J&J had to reasonably investigate documents and information within its control. *See Fendi Adele v. Filene’s Basement, Inc.*, No. 06 CIV. 244RMBMHD, 2009 WL 855955, at *8 (S.D.N.Y. Mar. 24, 2009) (“It should not require reiteration that litigants have an obligation, when discovery is sought from

Hon. Freda L. Wolfson

Page 18

them, to make reasonable efforts to locate responsive documents.”). Yet in the face of clear evidence showing non-JJHCS entities’ involvement, J&J simply refuses to investigate or produce information from outside of JJHCS unless compelled to do so. As one glaring example, J&J objected to adding Karen Lade at **Janssen Biotech, Inc.**³² as a custodian, asserting that she was not involved in “JJHCS’s response to the SaveOnSP Program,” Ex. 82 at 6 (Sept. 11, 2023 Ltr.), and that “brand” employees like Lade “do not work on or make decisions regarding patient co-pay assistance programs,” Dkt. 165 at 20. Observing that “the documents speak for themselves,” Your Honor found that, in fact, “Lade was involved early on in [J&J’s] formulation of a response to maximizer and accumulator programs” and compelled J&J to add Lade. Dkt. 192 at 29.

As a result of J&J’s conduct, SaveOn cannot be sure of which non-JJHCS employees should be custodians. In refusing to add Lade, for example, J&J asserted that she “provided some information to other JJHCS personnel who did work on CarePath,” Dkt. 122 at 11, and that there “is no reason to believe that she would have unique documents or communications relating to SaveOnSP or JJHCS’s response to the SaveOnSP program,” Jan. 4, 2024 Opp. at 6. As Your Honor found, however, Lade authored original documents concerning SaveOn that were forwarded to JJHCS employees by mere “happenstance.” Jan. 24, 2024 Hr’g at 131:6-10 (“[T]hat’s happenstance, that it ended up being forwarded to someone. She authored an e-mail, and if it’s relevant -- and she’s authoring a lot of documents. I don’t know why she would not be a custodian to search if it’s relevant material.”). Because it has been forced to follow breadcrumbs like this email to uncover relevant non-JJHCS custodians, SaveOn cannot know how many other employees of the Janssen Entities have relevant documents.

³² See *supra* n.4.

Page 19

SaveOn is even more hamstrung in identifying non-custodial sources of documents outside of JJHCS, like shared drives, SharePoint, and databases. J&J has flatly refused to search any such sources outside of JJHCS. To identify these sources, there are fewer if any breadcrumbs to follow: While individuals might have forwarded emails from non-JJHCS employees to current custodians, they are much less likely to refer to shared drives or databases in emails that might have found their way into J&J's limited production. Without a full accounting of non-custodial sources, SaveOn cannot know what types of non-custodial documents J&J is withholding.

J&J's obstruction must end. Your Honor should compel J&J to identify custodians and non-custodial sources at the Janssen Entities that are likely to have documents responsive to SaveOn's document requests and to search for and produce documents from those sources.

SaveOn appreciates Your Honor's attention to this matter.

Respectfully submitted,

JOHNSON & JOHNSON HEALTH CARE SYSTEMS INC.,

Plaintiff,

v.

SAVE ON SP, LLC,

Defendant.

Civil Action No. 22-2632 (JMV) (CLW)

PLAINTIFF JOHNSON & JOHNSON HEALTH CARE SYSTEMS INC.'S RESPONSES AND OBJECTIONS TO DEFENDANT'S FIRST REQUEST FOR PRODUCTION OF DOCUMENTS

GENERAL OBJECTIONS

Johnson and Johnson Health Care Systems, Inc. (“JJHCS”) incorporates each of the General Objections below into its specific objections to each Request, whether or not each such General Objection is expressly referred to in JJHCS’s objections to a specific Request.

JJHCS’s investigation of facts related to this Action is ongoing. It reserves the right to supplement, amend, modify, or correct its responses under Rule 26(e) should it discover additional information or grounds for objections at any time prior to the conclusion of this Action. The following responses and objections are based upon information known at this time.

1. JJHCS objects to the Requests to the extent that they seek documents or information protected from disclosure by a privilege including, without limitation, the First Amendment privilege, the attorney-client privilege, the work-product doctrine, the joint defense privilege, the common interest privilege, the Federal Rules of Civil Procedure, the Local Rules of the Court, and relevant case law. The inadvertent production by JJHCS of information, documents, materials, or things covered by any privilege or doctrine shall not constitute a waiver of any applicable privilege or doctrine, including but not limited to, objections on the basis of competency, confidentiality, relevancy, materiality, work-product, privilege, and/or admissibility as evidence, as such objections may apply at trial or otherwise in this Action.

2. JJHCS objects to the Requests to the extent that they seek documents or information that are not relevant to a claim or defense or to the subject matter of this litigation. Any response JJHCS makes to any Request shall not be deemed an admission that the response, information, document, or thing produced is relevant to a claim or defense or to the subject matter of this litigation, is reasonably calculated to lead to the discovery of admissible evidence, is material, or is admissible as evidence.

3. JJHCS objects to the Requests to the extent that they impose obligations beyond or inconsistent with those imposed by the Federal Rules of Civil Procedure, the Local Rules of the Court, the Court's orders, the discovery schedule entered in this Action, or any other applicable rule, order, or source of law.

4. JJHCS objects to the Requests to the extent that they seek the production of documents or things that are equally available to or already in SaveOnSP's possession, custody, or control. To the extent that JJHCS agrees in these responses to produce certain documents, information, or things, these responses shall not be construed as conceding that the documents, information, or things exist and/or are in the possession, custody, or control of JJHCS. Instead, it means that JJHCS will perform a reasonable search for documents in its possession and produce such documents, information, or things to the extent any responsive documents, information, or things exist and are not otherwise protected from disclosure.

5. JJHCS objects to the Requests to the extent that they seek information that is obtainable from sources other than JJHCS in a manner that is more convenient, less burdensome, or less expensive.

6. JJHCS objects to the Requests to the extent that they seek production of documents, records, tangible things, or other materials to the extent that such disclosure would violate a confidentiality agreement, court order, or applicable law.

7. JJHCS objects to the Requests to the extent that they are vague and/or ambiguous.

8. JJHCS objects to the Requests to the extent that they require interpretation by it in providing a response. JJHCS responds to the Requests as it interprets and understands each Request as set forth. If SaveOnSP subsequently asserts an interpretation of any Request that

differs from JJHCS's understanding of that Request, JJHCS reserves the right to modify or supplement its objections and responses.

9. JJHCS objects to the Requests to the extent that they are duplicative of other document requests, interrogatories, and/or other discovery requests.

10. JJHCS objects to the Requests to the extent that they are argumentative, lack foundation, or incorporate assertions that are disputed, erroneous, or irrelevant to the Action. JJHCS further objects to the Requests to the extent that they assume facts that do not exist or the occurrence of events that did not take place.

11. JJHCS objects to the Requests to the extent that they seek documents and information relating to any business affairs other than those that are the subject of the Action.

12. JJHCS objects to the Requests as overbroad and unduly burdensome to the extent they purport to require production of "all" or "any" documents where a subset of documents would be sufficient to provide the relevant information.

13. JJHCS objects to the Requests to the extent that they seek the production of documents that are not in JJHCS's possession, custody, or control.

OBJECTIONS TO DEFINITIONS

1. JJHCS objects to the definition of the term "Janssen" to the extent the term is used to seek documents and communications in the possession of entities other than JJHCS. JJHCS further objects to the definition as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it purports to include "any and all predecessors and successors in interest, assignees, parents, subsidiaries, affiliates, divisions or departments, agents, representatives, directors, officers, employees, committees, attorneys, accountants and all persons or entities acting or purporting to act on behalf" of those entities.

2. JJHCS objects to the definition of the term “Janssen Drug” as irrelevant to the extent it purports to include drugs that are not covered by CarePath. JJHCS further objects to the extent the term is used to seek documents and communications in the possession of entities other than JJHCS.

JJHCS objects to the definition of the term "TrialCard" as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it includes "any and all predecessors and successors in interest, assignees, parents, subsidiaries, affiliates, divisions or departments, agents, representatives, directors, officers, employees, committees, attorneys, accountants and all persons or entities acting or purporting to act on behalf or under the control of TrialCard Inc." JJHCS further objects to the extent the term is used to seek documents and communications in the possession of entities other than JJHCS.

OBJECTIONS TO THE TIME PERIOD FOR SPECIFIC REQUESTS

1. JJHCS objects to SaveOnSP's Requests as overbroad, unduly burdensome, and not relevant to the subject matter of this Action to the extent they call for documents from before January 1, 2017. In addition to the foregoing general objections, JJHCS objects to this Request as irrelevant to any claim or defense in this Action to the extent it seeks information about JJHCS's payment of funds to patients enrolled in qualified high deductible or health savings account plans as opposed to SaveOnSP's exploitation of a purported legal gray area with respect to those plans. JJHCS objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks "all" documents and communications regarding a broad subject matter. In addition to the foregoing general objections, JJHCS objects to this Request as irrelevant to any claim or defense in this Action to the extent it calls for information about any other "Copay Accumulator Service" or "Copay Maximizer Service" and information unrelated to SaveOnSP's misconduct. JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks "all" documents and communications regarding a broad subject matter. JJHCS further objects to this Request to the extent it seeks documents and communications in the possession of entities other than JJHCS

Subject to the foregoing objections, JJHCS incorporates by reference its response to Request for Production No. 8. Otherwise, JJHCS will not search for or produce documents and communications responsive to this Request.

JJHCS further objects to this Request to the extent it seeks documents and communications in the possession of entities other than JJHCS. Response to Request No. 45

In addition to the foregoing general objections, JJHCS objects to this Request to the extent it seeks documents and communications in the possession of entities other than JJHCS. JJHCS further objects to this Request to the extent it uses the term “JJHCS Hub Entity” for the reasons stated in JJHCS’s Objections to Definitions. Subject to the foregoing objections, JJHCS will produce its document retention policies for the relevant Time Period. Otherwise, JJHCS will not search for or produce documents and communications responsive to this Request.

Request No. 46

Complete data dictionaries for any data that You produce.

Response to Request No. 46

In addition to the foregoing general objections, JJHCS objects to this Request on the ground that the phrase “data dictionaries for any data that You produce” is vague and ambiguous. JJHCS further objects to this Request to the extent that it purports to require the creation of any document or record in a format not kept by JJHCS or seeks to impose production obligations that exceed those required by the Rules of Federal Procedure, the Local Rules of the Court, this Court’s Orders, or with any applicable agreement among the parties.

JJHCS will not search for or produce documents or communications responsive to this Request. JJHCS is, however, willing to meet and confer to determine if this Request can be appropriately narrowed.

Request No. 47

From any time, all Documents and Communications regarding this Action provided to you by any person or entity other than SaveOnSP, including in response to subpoenas served in this Action.

Response to Request No. 47

In addition to the foregoing general objections, JJHCS objects to this Request on the ground that the phrase “all Documents and Communications regarding this Action provided to you by any person or entity other than SaveOnSP” is vague and ambiguous. JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks “all” documents and communications regarding a broad subject

matter. JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks documents and communications outside of the relevant Time Period. Subject to the foregoing objections, JJHCS will produce documents obtained via third-party subpoenas it serves in this Action. Otherwise, JJHCS will not search for or produce documents responsive to this Request.

privilege, the work-product doctrine, the joint defense privilege, the common interest privilege, the Federal Rules of Civil Procedure, the Local Rules of the Court, and relevant case law.

Subject to the foregoing objections, JJHCS will produce all non-privileged documents and communications upon which it intends to rely at trial in compliance with the schedule set by the Court. Otherwise, JJHCS will not search for or produce documents responsive to this Request.

Civil Action No. 22-2632 (JMV) (CLW)

**PLAINTIFF JOHNSON & JOHNSON
HEALTH CARE SYSTEMS INC.'S
RESPONSES AND OBJECTIONS TO
DEFENDANT'S SECOND REQUEST
FOR PRODUCTION OF DOCUMENTS**

GENERAL OBJECTIONS

Johnson and Johnson Health Care Systems, Inc. (“JJHCS”) incorporates each of the General Objections below into its specific objections to each Request, whether or not each such General Objection is expressly referred to in JJHCS’s objections to a specific Request.

JJHCS’s investigation of facts related to this Action is ongoing. It reserves the right to supplement, amend, modify, or correct its responses under Rule 26(e) should it discover additional information or grounds for objections at any time prior to the conclusion of this Action. The following responses and objections are based upon information known at this time.

1. JJHCS objects to the Requests to the extent that they seek documents or information protected from disclosure by a privilege including, without limitation, the First Amendment privilege, the attorney-client privilege, the work-product doctrine, the joint defense privilege, the common interest privilege, the Federal Rules of Civil Procedure, the Local Rules of the Court, and relevant case law. The inadvertent production by JJHCS of information, documents, materials, or things covered by any privilege or doctrine shall not constitute a waiver of any applicable privilege or doctrine, including but not limited to, objections on the basis of competency, confidentiality, relevancy, materiality, work-product, privilege, and/or admissibility as evidence, as such objections may apply at trial or otherwise in this Action.

2. JJHCS objects to the Requests to the extent that they seek documents or information that are not relevant to a claim or defense or to the subject matter of this litigation. Any response JJHCS makes to any Request shall not be deemed an admission that the response, information, document, or thing produced is relevant to a claim or defense or to the subject matter of this litigation, is reasonably calculated to lead to the discovery of admissible evidence, is material, or is admissible as evidence.

3. JJHCS objects to the Requests to the extent that they impose obligations beyond or inconsistent with those imposed by the Federal Rules of Civil Procedure, the Local Rules of the Court, the Court's orders, the discovery schedule entered in this Action, or any other applicable rule, order, or source of law.

4. JJHCS objects to the Requests to the extent that they seek the production of documents or things that are equally available to or already in SaveOnSP's possession, custody, or control. To the extent that JJHCS agrees in these responses to produce certain documents, information, or things, these responses shall not be construed as conceding that the documents, information, or things exist and/or are in the possession, custody, or control of JJHCS. Instead, it means that JJHCS will perform a reasonable search for documents in its possession and produce such documents, information, or things to the extent any responsive documents, information, or things exist and are not otherwise protected from disclosure.

5. JJHCS objects to the Requests to the extent that they seek information that is obtainable from sources other than JJHCS in a manner that is more convenient, less burdensome, or less expensive.

6. JJHCS objects to the Requests to the extent that they seek production of documents, records, tangible things, or other materials to the extent that such disclosure would violate a confidentiality agreement, court order, or applicable law.

7. JJHCS objects to the Requests to the extent that they are vague and/or ambiguous.

8. JJHCS objects to the Requests to the extent that they require interpretation by it in providing a response. JJHCS responds to the Requests as it interprets and understands each Request as set forth. If SaveOnSP subsequently asserts an interpretation of any Request that

differs from JJHCS's understanding of that Request, JJHCS reserves the right to modify or supplement its objections and responses.

9. JJHCS objects to the Requests to the extent that they are duplicative of other document requests, interrogatories, and/or other discovery requests.

10. JJHCS objects to the Requests to the extent that they are argumentative, lack foundation, or incorporate assertions that are disputed, erroneous, or irrelevant to the Action. JJHCS further objects to the Requests to the extent that they assume facts that do not exist or the occurrence of events that did not take place.

11. JJHCS objects to the Requests to the extent that they seek documents and information relating to any business affairs other than those that are the subject of the Action.

12. JJHCS objects to the Requests as overbroad and unduly burdensome to the extent they purport to require production of "all" or "any" documents where a subset of documents would be sufficient to provide the relevant information.

13. JJHCS objects to the Requests to the extent that they seek the production of documents that are not in JJHCS's possession, custody, or control.

OBJECTIONS TO DEFINITIONS

1. JJHCS objects to the definition of the term "Janssen" to the extent the term is used to seek documents and communications in the possession of entities other than JJHCS. JJHCS further objects to the definition as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it purports to include "any and all predecessors and successors in interest, assignees, parents, subsidiaries, affiliates, divisions or departments, agents, representatives, directors, officers, employees, committees, attorneys, accountants and all persons or entities acting or purporting to act on behalf" of those entities.

2. JJHCS objects to the definition of the term "JJHCS" to the extent it purports to

JJHCS further objects to the definition as overbroad, unduly burdensome, and not proportional to the needs of the case to extent it purports to include "any and all predecessors and successors in interest, assignees, parents, subsidiaries, affiliates, . . . agents, [or] representatives" or purports to include entities and persons acting or purporting to act on behalf of or under the control of entities other than Johnson & Johnson Healthcare Systems, Inc., including Centocor, Inc., Ortho Biotech Products LP, McNeil Pharmaceutical, Ortho-McNeil Pharmaceutical, Inc., Ortho-McNeil-Janssen Pharmaceuticals, Inc., Scios Inc., Janssen Biotech, Inc., Janssen Oncology, Inc., Janssen Research & Development, LLC, Janssen Pharmaceuticals, Inc., Janssen Products, LP, Actelion Pharmaceuticals U.S., Inc., Janssen BioPharma LLC, and Janssen Research & Development LLC.

3. JJHCS objects to the definition of the term "JJHCS Hub Entity" as vague and as irrelevant to the extent it purports to include entities other than those responsible for administering CarePath during the relevant Time Period. JJHCS further objects to the definition as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it includes "any and all predecessors and successors in interest, assignees, parents, subsidiaries, affiliates, divisions or departments, agents, representatives, directors, officers, employees, committees, attorneys, accountants and all persons or entities acting or purporting to act on behalf" of those entities. JJHCS further objects on the ground that the phrase "administer, in whole or in part, CarePath" is vague and ambiguous. JJHCS further objects to the extent the term is used to seek documents and communications in the possession of entities other than JJHCS.

4. JJHCS objects to the definition of the term "Lash Group" as overbroad, unduly

burdensome, and not proportional to the needs of the case to the extent it includes “any and all predecessors and successors in interest, assignees, parents, subsidiaries, affiliates, divisions or departments, agents, representatives, directors, officers, employees, committees, attorneys, accountants and all persons or entities acting or purporting to act on behalf or under the control of The Lash Group, Inc.” JJHCS further objects to the extent the term is used to seek documents and communications in the possession of entities other than JJHCS.

Response to Request No. 56

In addition to the foregoing general objections, JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks “all” documents and communications regarding a broad subject matter. JJHCS further objects to this Request to the extent it seeks information that is exempt from discovery and protected from disclosure by any privilege including, without limitation, the First Amendment privilege, the attorney-client privilege, the work-product doctrine, the joint defense privilege, the common interest privilege, the Federal Rules of Civil Procedure, the Local Rules of the Court, and relevant case law. JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks documents outside of the relevant Time Period.

Janssen Compass is irrelevant to this Action for the reasons stated in our letter of August 28, 2023. JJHCS will not search for or produce documents or communications responsive to this Request.

Request No. 57

All Documents and Communications regarding Janssen Compass and CarePath, SaveOnSP, maximizers, or accumulators, including any Communications by any Janssen Compass Care Navigator with any Patient, and FAQs, talk tracks, or scripts prepared for use during those Communications.

Response to Request No. 57

In addition to the foregoing general objections, JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks “all” documents and communications regarding a broad subject matter. JJHCS further objects to this Request to the extent it seeks information that is exempt from discovery and protected from disclosure by any privilege including, without limitation, the First Amendment privilege, the attorney-client privilege, the work-product doctrine, the joint defense privilege, the common interest privilege, the Federal Rules of Civil Procedure, the Local Rules of the Court, and relevant case law. JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks documents outside of the relevant Time Period. JJHCS further objects to this request as duplicative of RFP No. 9.

Janssen Compass is irrelevant to this Action for the reasons stated in our letter of August 28, 2023. JJHCS will not search for or produce documents responsive to this Request.

JOHNSON & JOHNSON HEALTH CARE
SYSTEMS INC.,

Plaintiff,

v.

SAVE ON SP, LLC,

Defendant.

Civil Action No. 22-2632 (ES) (CLW)

**PLAINTIFF JOHNSON & JOHNSON
HEALTH CARE SYSTEMS INC.'S
RESPONSES AND OBJECTIONS TO
DEFENDANT'S FOURTH REQUEST
FOR PRODUCTION OF DOCUMENTS**

GENERAL OBJECTIONS

Johnson and Johnson Health Care Systems, Inc. (“JJHCS”) incorporates each of the General Objections below into its specific objections to each Request, whether or not each such General Objection is expressly referred to in JJHCS’s objections to a specific Request.

JJHCS’s investigation of facts related to this Action is ongoing. It reserves the right to supplement, amend, modify, or correct its responses under Rule 26(e) should it discover additional information or grounds for objections at any time prior to the conclusion of this Action. The following responses and objections are based upon information known at this time.

1. JJHCS objects to the Requests to the extent that they seek documents or information protected from disclosure by a privilege including, without limitation, the First Amendment privilege, the attorney-client privilege, the work-product doctrine, the joint defense privilege, the common interest privilege, the Federal Rules of Civil Procedure, the Local Rules of the Court, and relevant case law. The inadvertent production by JJHCS of information, documents, materials, or things covered by any privilege or doctrine shall not constitute a waiver of any applicable privilege or doctrine, including but not limited to, objections on the basis of competency, confidentiality, relevancy, materiality, work-product, privilege, and/or admissibility as evidence, as such objections may apply at trial or otherwise in this Action.

2. JJHCS objects to the Requests to the extent that they seek documents or information that are not relevant to a claim or defense or to the subject matter of this litigation. Any response JJHCS makes to any Request shall not be deemed an admission that the response, information, document, or thing produced is relevant to a claim or defense or to the subject matter of this litigation, is reasonably calculated to lead to the discovery of admissible evidence, is material, or is admissible as evidence.

3. JJHCS objects to the Requests to the extent that they impose obligations beyond or inconsistent with those imposed by the Federal Rules of Civil Procedure, the Local Rules of the Court, the Court's orders, the discovery schedule entered in this Action, or any other applicable rule, order, or source of law.

4. JJHCS objects to the Requests to the extent that they seek the production of documents or things that are equally available to or already in SaveOnSP's possession, custody, or control. To the extent that JJHCS agrees in these responses to produce certain documents, information, or things, these responses shall not be construed as conceding that the documents, information, or things exist and/or are in the possession, custody, or control of JJHCS. Instead, it means that JJHCS will perform a reasonable search for documents in its possession and produce such documents, information, or things to the extent any responsive documents, information, or things exist and are not otherwise protected from disclosure.

5. JJHCS objects to the Requests to the extent that they seek information that is obtainable from sources other than JJHCS in a manner that is more convenient, less burdensome, or less expensive.

6. JJHCS objects to the Requests to the extent that they seek production of documents, records, tangible things, or other materials to the extent that such disclosure would violate a confidentiality agreement, court order, or applicable law.

7. JJHCS objects to the Requests to the extent that they are vague and/or ambiguous.

8. JJHCS objects to the Requests to the extent that they require interpretation by it in providing a response. JJHCS responds to the Requests as it interprets and understands each Request as set forth. If SaveOnSP subsequently asserts an interpretation of any Request that

differs from JJHCS's understanding of that Request, JJHCS reserves the right to modify or supplement its objections and responses.

9. JJHCS objects to the Requests to the extent that they are duplicative of other document requests, interrogatories, and/or other discovery requests.

10. JJHCS objects to the Requests to the extent that they are argumentative, lack foundation, or incorporate assertions that are disputed, erroneous, or irrelevant to the Action. JJHCS further objects to the Requests to the extent that they assume facts that do not exist or the occurrence of events that did not take place.

11. JJHCS objects to the Requests to the extent that they seek documents and information relating to any business affairs other than those that are the subject of the Action.

12. JJHCS objects to the Requests as overbroad and unduly burdensome to the extent they purport to require production of "all" or "any" documents where a subset of documents would be sufficient to provide the relevant information.

13. JJHCS objects to the Requests to the extent that they seek the production of documents that are not in JJHCS's possession, custody, or control.

OBJECTIONS TO DEFINITIONS

1. JJHCS objects to the definition of the term "Benefits Investigation" to the extent the term is used to seek documents and communications in the possession of entities other than JJHCS. JJHCS further objects to the definition on the grounds that the phrase "receives information regarding the pharmacy benefits provided by a health plan" is vague and ambiguous and construes this phrase to refer to information received through investigations into whether a patient is affiliated with SaveOnSP or another copay accumulator or maximizer service. JJHCS further objects to the definition as irrelevant, overbroad, unduly burdensome, and not proportional to the needs of the case to the extent that it encompasses instances in

which JJHCS may receive “information regarding the pharmacy benefits provided by a health plan” for purposes other than establishing whether a patient is affiliated with SaveOnSP or another copay accumulator or maximizer service.

2. JJHCS objects to the definition of the term “Janssen” to the extent the term is used to seek documents and communications in the possession of entities other than JJHCS. JJHCS further objects to the definition as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it purports to include “any and all predecessors and successors in interest, assignees, parents, subsidiaries, affiliates, divisions or departments, agents, representatives, directors, officers, employees, committees, attorneys, accountants and all persons or entities acting or purporting to act on behalf” of those entities.

3. JJHCS objects to the definition of the term “JJHCS” to the extent it purports to include attorneys and accountants who may be outside of JJHCS’s possession, custody, and control. JJHCS further objects to the definition as overbroad, unduly burdensome, and not proportional to the needs of the case to extent it purports to include “any and all predecessors and successors in interest, assignees, parents, subsidiaries, affiliates, . . . agents, [or] representatives” or purports to include entities and persons acting or purporting to act on behalf of or under the control of entities other than Johnson & Johnson Healthcare Systems, Inc., including Centocor, Inc., Ortho Biotech Products LP, McNeil Pharmaceutical, Ortho-McNeil Pharmaceutical, Inc., Ortho-McNeil-Janssen Pharmaceuticals, Inc., Scios Inc., Janssen Biotech, Inc., Janssen Oncology, Inc., Janssen Research & Development, LLC, Janssen Pharmaceuticals, Inc., Janssen Products, LP, Actelion Pharmaceuticals U.S., Inc., Janssen BioPharma LLC, and Janssen Research & Development LLC.

4. JJHCS objects to the definition of the term “JJHCS Hub Entity” as vague and

as irrelevant to the extent it purports to include entities other than those responsible for administering CarePath during the relevant Time Period. JJHCS further objects to the definition as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it includes “any and all predecessors and successors in interest, assignees, parents, subsidiaries, affiliates, divisions or departments, agents, representatives, directors, officers, employees, committees, attorneys, accountants and all persons or entities acting or purporting to act on behalf” of those entities. JJHCS further objects on the ground that the phrase “administer, in whole or in part, CarePath” is vague and ambiguous. JJHCS further objects to the extent the term is used to seek documents and communications in the possession of entities other than JJHCS.

5. JJHCS objects to the definition of the term “Lash Group” as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it includes “any and all predecessors and successors in interest, assignees, parents, subsidiaries, affiliates, divisions or departments, agents, representatives, directors, officers, employees, committees, attorneys, accountants and all persons or entities acting or purporting to act on behalf or under the control of The Lash Group, Inc.” JJHCS further objects to the extent the term is used to seek documents and communications in the possession of entities other than JJHCS.

6. JJHCS objects to the definition of the term “TrialCard” as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it includes “any and all predecessors and successors in interest, assignees, parents, subsidiaries, affiliates, divisions or departments, agents, representatives, directors, officers, employees, committees, attorneys, accountants and all persons or entities acting or purporting to act on behalf or under the control of TrialCard Inc.” JJHCS further objects to the extent the term is used to seek documents and

communications in the possession of entities other than JJHCS.

OBJECTIONS TO THE TIME PERIOD

1. JJHCS objects to SaveOnSP's Requests as overbroad, unduly burdensome, and not relevant to the subject matter of this Action to the extent they call for documents from after November 7, 2023. Unless otherwise noted, JJHCS will only provide information from April 1, 2016 through November 7, 2023 (the "Time Period").

SPECIFIC RESPONSES AND OBJECTIONS

Request No. 58

All documents or communications related to Benefits Investigations undertaken by JJHCS or any JJHCS Hub Entity that identified or attempted to identify whether a Person enrolled in CarePath was or could be a member of a health plan advised by SaveOnSP.

Response to Request No. 58

In addition to the foregoing general objections, JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks "all" documents and communications regarding a broad subject matter. JJHCS further objects to this Request to the extent it seeks information that is exempt from discovery and protected from disclosure by any privilege including, without limitation, the First Amendment privilege, the attorney-client privilege, the work-product doctrine, the joint defense privilege, the common interest privilege, the Federal Rules of Civil Procedure, the Local Rules of the Court, and relevant case law. JJHCS further objects to this Request to the extent it uses the terms "Benefits Investigations," "JJHCS," and "JJHCS Hub Entity" for the reasons stated in JJHCS's Objections to Definitions. JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks documents outside of the relevant Time Period.

Subject to the foregoing objections, JJHCS will ask TrialCard, Inc. to produce all benefits investigation reports from the Time Period that reflect inquiries about whether a patient taking Stelara or Tremfya is enrolled in an accumulator or maximizer program (including SaveOnSP), to the extent such documents exist and can be located after a reasonable search. Otherwise, JJHCS will not search for or produce documents responsive to this Request.

Request No. 59

To the extent not covered by the previous Request, all documents or communications related to Benefits Investigations undertaken by JJHCS or any JJHCS Hub Entity that identified or attempted to identify whether a Person enrolled in CarePath was or could be a member of a Maximizer or Accumulator health plan.

Response to Request No. 59

In addition to the foregoing general objections, JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks “all” documents and communications regarding a broad subject matter. JJHCS further objects to this Request to the extent it seeks information that is exempt from discovery and protected from disclosure by any privilege including, without limitation, the First Amendment privilege, the attorney-client privilege, the work-product doctrine, the joint defense privilege, the common interest privilege, the Federal Rules of Civil Procedure, the Local Rules of the Court, and relevant case law. JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks documents outside of the relevant Time Period. JJHCS further objects to this Request to the extent it uses the terms “Benefits Investigations,” “JJHCS,” and “JJHCS Hub Entity” for the reasons stated in JJHCS’s Objections to Definitions. JJHCS further objects to this Request as irrelevant to any claim or defense in this Action to the extent it seeks documents unrelated to SaveOnSP. JJHCS further objects to this Request as duplicative of Request No. 58.

Subject to the foregoing objections, JJHCS incorporates by reference its response to Request for Production No. 58. Otherwise, JJHCS will not search for or produce documents responsive to this Request.

Request No. 60

Documents sufficient to show any agreements entered into or in place during the relevant time period between JJHCS or any JJHCS Hub Entity, on the one hand, and Accredo or ESI, on the other hand, regarding the provision of patient information or data.

Response to Request No. 60

In addition to the foregoing general objections, JJHCS objects to this Request to the extent it seeks information that is exempt from discovery and protected from disclosure by any privilege including, without limitation, the First Amendment privilege, the attorney-client privilege, the work-product doctrine, the joint defense privilege, the common interest privilege, the Federal Rules of Civil Procedure, the Local Rules of the Court, and relevant case law. JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks documents outside of the relevant Time Period. JJHCS further objects to this Request to the extent it uses the terms “JJHCS” and “JJHCS Hub Entity” for the reasons stated in JJHCS’s Objections to Definitions.

Subject to the foregoing objections, JJHCS will produce non-privileged documents in its possession sufficient to show any agreements entered into or in place during the relevant time period between JJHCS or any JJHCS Hub Entity, on the one hand, and Accredo or ESI, on the other hand, regarding the provision of patient information or data during the relevant Time Period, to the extent that such documents exist and can be located after a reasonable search. Otherwise, JJHCS will not search for or produce documents responsive to this Request.

Request No. 61

Any patient information or data provided by Accredo or ESI to JJHCS or any JJHCS Hub

Entity regarding Persons enrolled in CarePath.

Response to Request No. 61

In addition to the foregoing general objections, JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks “any” information or data regarding a broad subject matter. JJHCS further objects to this Request as irrelevant to the extent that it seeks “patient information or data . . . regarding Persons enrolled in CarePath” that is unrelated to Benefits Investigations. JJHCS further objects to this Request to the extent it seeks information that is exempt from discovery and protected from disclosure by any privilege including, without limitation, the First Amendment privilege, the attorney-client privilege, the work-product doctrine, the joint defense privilege, the common interest privilege, the Federal Rules of Civil Procedure, the Local Rules of the Court, and relevant case law. JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks documents outside of the relevant Time Period. JJHCS further objects to this Request to the extent it uses the terms “JJHCS” and “JJHCS Hub Entity” for the reasons stated in JJHCS’s Objections to Definitions.

Subject to the foregoing objections, JJHCS incorporates by reference its response to Request for Production No. 58. To the extent that documents responsive to this Request are also responsive to prior Requests for Production from JJHCS or TrialCard, subject to prior objections and those presented here, JJHCS and TrialCard have already agreed to produce those documents from the relevant Time Period. Otherwise, JJHCS will not search for or produce documents responsive to this Request.

Request No. 62

Documents sufficient to show any negotiations engaged in by JJHCS or any JJHCS Hub Entity to obtain data from ESI or Accredo regarding Persons enrolled in CarePath, including without limitation JJHCS’s or any JJHCS Hub Entity’s knowledge of the information available

in such data.

Response to Request No. 62

In addition to the foregoing general objections, JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks documents sufficient to show “any” negotiations regarding a broad subject matter. JJHCS further objects to this Request as irrelevant to the extent that it seeks information related to “negotiations engaged in by JJHCS or any JJHCS Hub Entity to obtain data” that is unrelated to Benefits Investigations. JJHCS further objects to this Request on the ground that the phrase “show any negotiations engaged in . . . to obtain data” is vague and ambiguous. JJHCS further objects to this Request to the extent it seeks information that is exempt from discovery and protected from disclosure by any privilege including, without limitation, the First Amendment privilege, the attorney-client privilege, the work-product doctrine, the joint defense privilege, the common interest privilege, the Federal Rules of Civil Procedure, the Local Rules of the Court, and relevant case law. JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks documents outside of the relevant Time Period. JJHCS further objects to this Request to the extent it uses the terms “JJHCS” and “JJHCS Hub Entity” for the reasons stated in JJHCS’s Objections to Definitions.

Subject to the foregoing objections, JJHCS incorporates by reference its response to Request for Production No. 58. To the extent that documents or communications responsive to this Request are also responsive to prior Requests for Production, subject to prior objections and those presented here, JJHCS has already agreed to produce those responsive documents from the relevant Time Period. Otherwise, JJHCS will not search for or produce documents or communications responsive to this Request.

JOHNSON & JOHNSON HEALTH CARE

Plaintiff,

v.

SAVE ON SP, LLC,

Defendant.

Civil Action No. 22-2632 (ES) (CLW)

**PLAINTIFF JOHNSON & JOHNSON
HEALTH CARE SYSTEMS INC.'S
RESPONSES AND OBJECTIONS TO
DEFENDANT'S FIFTH REQUEST
FOR PRODUCTION OF DOCUMENTS**

GENERAL OBJECTIONS

Johnson and Johnson Health Care Systems, Inc. (“JJHCS”) incorporates each of the General Objections below into its specific objections to each Request, whether or not each such General Objection is expressly referred to in JJHCS’s objections to a specific Request.

JJHCS’s investigation of facts related to this Action is ongoing. It reserves the right to supplement, amend, modify, or correct its responses under Rule 26(e) should it discover additional information or grounds for objections at any time prior to the conclusion of this Action. The following responses and objections are based upon information known at this time.

1. JJHCS objects to the Requests to the extent that they seek documents or information protected from disclosure by a privilege including, without limitation, the attorney-client privilege, the work-product doctrine, the joint defense privilege, the common interest privilege, the First Amendment privilege, the Federal Rules of Civil Procedure, the Local Rules of the Court, and relevant case law. The inadvertent production by JJHCS of information, documents, materials, or things covered by any privilege or doctrine shall not constitute a waiver of any applicable privilege or doctrine, including but not limited to, objections on the basis of competency, confidentiality, relevancy, materiality, work-product, privilege, and/or admissibility as evidence, as such objections may apply at trial or otherwise in this Action.

2. JJHCS objects to the Requests to the extent that they seek documents or information that are not relevant to a claim or defense or to the subject matter of this litigation. Any response JJHCS makes to any Request shall not be deemed an admission that the response, information, document, or thing produced is relevant to a claim or defense or to the subject matter of this litigation, is reasonably calculated to lead to the discovery of admissible evidence, is material, or is admissible as evidence.

3. JJHCS objects to the Requests to the extent that they impose obligations beyond or inconsistent with those imposed by the Federal Rules of Civil Procedure, the Local Rules of the Court, the Court's orders, the discovery schedule entered in this Action, or any other applicable rule, order, or source of law.

4. JJHCS objects to the Requests to the extent that they seek the production of documents or things that are equally available to or already in SaveOnSP's possession, custody, or control. To the extent that JJHCS agrees in these responses to produce certain documents, information, or things, these responses shall not be construed as conceding that the documents, information, or things exist and/or are in the possession, custody, or control of JJHCS. Instead, it means that JJHCS will perform a reasonable search for documents in its possession and produce such documents, information, or things to the extent any responsive documents, information, or things exist and are not otherwise protected from disclosure.

5. JJHCS objects to the Requests to the extent that they seek documents or information that is obtainable from sources other than JJHCS in a manner that is more convenient, less burdensome, or less expensive.

6. JJHCS objects to the Requests to the extent that they seek production of documents, records, tangible things, or other materials to the extent that such disclosure would violate a confidentiality agreement, court order, or applicable law.

7. JJHCS objects to the Requests to the extent that they are vague and/or ambiguous.

8. JJHCS objects to the Requests to the extent that they require interpretation by it in providing a response. JJHCS responds to the Requests as it interprets and understands each Request as set forth. If SaveOnSP subsequently asserts an interpretation of any Request that

differs from JJHCS's understanding of that Request, JJHCS reserves the right to modify or supplement its objections and responses.

9. JJHCS objects to the Requests to the extent that they are duplicative of other document requests, interrogatories, and/or other discovery requests.

10. JJHCS objects to the Requests to the extent that they are argumentative, lack foundation, or incorporate assertions that are disputed, erroneous, or irrelevant to the Action. JJHCS further objects to the Requests to the extent that they assume facts that do not exist or the occurrence of events that did not take place.

11. JJHCS objects to the Requests to the extent that they seek documents and information relating to any business affairs other than those that are the subject of the Action.

12. JJHCS objects to the Requests as overbroad and unduly burdensome to the extent they purport to require production of "all" or "any" documents where a subset of documents would be sufficient to provide the relevant information.

13. JJHCS objects to the Requests to the extent that they seek the production of documents that are not in JJHCS's possession, custody, or control.

OBJECTIONS TO DEFINITIONS

1. JJHCS objects to the definition of the term "Archbow" as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it includes "any and all predecessors and successors in interest, assignees, parents, subsidiaries, affiliates, divisions or departments, agents, representatives, directors, officers, employees, committees, attorneys, accountants and all persons or entities acting or purporting to act on behalf or under the control of Archbow." JJHCS further objects to the extent the term is used to seek documents and communications in the possession of entities other than JJHCS or documents that have already

been produced in response to discovery requests made by SaveOnSP to other entities, including but not limited to Archbow.

2. JJHCS objects to the definition of the term “Benefits Investigation” to the extent the term is used to seek documents and communications in the possession of entities other than JJHCS. JJHCS further objects to the definition on the grounds that the phrase “receives information regarding the pharmacy benefits provided by a health plan” is vague and ambiguous; JJHCS construes this phrase in the context of this case to refer to information received through investigations into whether a patient is affiliated with SaveOnSP or another copay accumulator or maximizer service. JJHCS further objects to the definition as irrelevant, overbroad, unduly burdensome, and not proportional to the needs of the case to the extent that it encompasses instances in which JJHCS may receive “information regarding the pharmacy benefits provided by a health plan” for purposes other than establishing whether a patient is affiliated with SaveOnSP or another copay accumulator or maximizer service.

3. JJHCS objects to the definition of the term “Janssen” to the extent the term is used to seek documents and communications in the possession of entities other than JJHCS. JJHCS further objects to the definition as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it purports to include “any and all predecessors and successors in interest, assignees, parents, subsidiaries, affiliates, divisions or departments, agents, representatives, directors, officers, employees, committees, attorneys, accountants and all persons or entities acting or purporting to act on behalf” of those entities.

4. JJHCS objects to the definition of the term “JJHCS” to the extent it purports to include attorneys and accountants whose documents and communications may be outside of JJHCS’s possession, custody, and control. JJHCS further objects to the definition as overbroad,

unduly burdensome, and not proportional to the needs of the case to extent it purports to include “any and all predecessors and successors in interest, assignees, parents, subsidiaries, affiliates, . . . agents, [or] representatives” or purports to include entities and persons acting or purporting to act on behalf of or under the control of entities other than Johnson & Johnson Healthcare Systems, Inc., including Centocor, Inc.; Ortho Biotech Products LP; McNeil Pharmaceutical; Ortho-McNeil Pharmaceutical, Inc.; Ortho-McNeil-Janssen Pharmaceuticals, Inc.; Scios Inc.; Janssen Biotech, Inc.; Janssen Oncology, Inc.; Janssen Research & Development, LLC; Janssen Pharmaceuticals, Inc.; Janssen Products, LP; Actelion Pharmaceuticals U.S., Inc.; Janssen BioPharma LLC; and Janssen Research & Development LLC.

5. JJHCS objects to the definition of the term “JJHCS Hub Entity” as vague and as irrelevant to the extent it purports to include entities other than those responsible for administering CarePath during the relevant Time Period. JJHCS further objects to the definition as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it includes “any and all predecessors and successors in interest, assignees, parents, subsidiaries, affiliates, divisions or departments, agents, representatives, directors, officers, employees, committees, attorneys, accountants and all persons or entities acting or purporting to act on behalf” of those entities. JJHCS further objects on the ground that the phrase “administer, in whole or in part, CarePath” is vague and ambiguous. JJHCS further objects to the extent the term is used to seek documents and communications in the possession of entities other than JJHCS.

6. JJHCS objects to the definition of the term “Lash Group” as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it includes “any and all predecessors and successors in interest, assignees, parents, subsidiaries, affiliates, divisions or

departments, agents, representatives, directors, officers, employees, committees, attorneys, accountants and all persons or entities acting or purporting to act on behalf or under the control of The Lash Group, Inc.” JJHCS further objects to the extent the term is used to seek documents and communications in the possession of entities other than JJHCS.

7. JJHCS objects to the definition of the term “TrialCard” as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it includes “any and all predecessors and successors in interest, assignees, parents, subsidiaries, affiliates, divisions or departments, agents, representatives, directors, officers, employees, committees, attorneys, accountants and all persons or entities acting or purporting to act on behalf or under the control of TrialCard Inc.” JJHCS further objects to the extent the term is used to seek documents and communications in the possession of entities other than JJHCS.

OBJECTIONS TO THE TIME PERIOD

1. JJHCS objects to SaveOnSP’s Requests as overbroad, unduly burdensome, and not relevant to the subject matter of this Action to the extent they call for documents from after November 7, 2023. Unless otherwise noted, JJHCS will only provide information from April 1, 2016 through November 7, 2023 (the “Time Period”).

SPECIFIC RESPONSES AND OBJECTIONS

Request No. 63

All Documents and Communications regarding JJHCS’s efforts to directly reimburse patients for out-of-pocket costs after the patient acquires a Janssen Drug.

Response to Request No. 63

In addition to the foregoing general objections, JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks “all” documents and communications regarding a broad subject matter. JJHCS objects to

this Request as irrelevant to any claim or defense in this Action to the extent it seeks documents and communications unrelated to JJHCS's efforts to provide copay assistance funds to patients and unrelated to the CarePath program (and the "withMe" programs). JJHCS further objects to this Request to the extent it seeks information that is exempt from discovery and protected from disclosure by any privilege. All Documents and Communications with entities other than JJHCS regarding the above-captioned lawsuit or any potential lawsuit against SaveOnSP, including without limitation discussions with Archbow. *See ARCHBOW_000443.*

Response to Request No. 75

In addition to the foregoing general objections, JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks documents sufficient to show “all documents and communications” regarding a broad subject matter. Response to Request No. 76

In addition to the foregoing general objections, JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks documents sufficient to show “all” recordings regarding a broad subject matter. JJHCS further objects to this Request to the extent it seeks information that is exempt from discovery and protected from disclosure by any privilege. JJHCS further objects to this Request as unduly burdensome because it requires JJHCS to identify recordings of calls without the benefit of identifying information—specifically, all names (including the many pseudonyms and false

claims of affiliation with various health plans, insurance companies and pharmacies made by SaveOnSP) and phone numbers used by SaveOnSP employees who called JJHCS and its affiliates—that SaveOnSP has not provided. JOHNSON & JOHNSON HEALTH CARE SYSTEMS INC.,

Plaintiff,

v.

SAVE ON SP, LLC,

Defendant.

Civil Action No. 22-2632 (JKS) (CLW)

PLAINTIFF JOHNSON & JOHNSON HEALTH CARE SYSTEMS INC.'S RESPONSES AND OBJECTIONS TO DEFENDANT'S SIXTH REQUEST FOR PRODUCTION OF DOCUMENTS

GENERAL OBJECTIONS

Johnson and Johnson Health Care Systems, Inc. (“JJHCS”) incorporates each of the General Objections below into its specific objections to each Request, whether or not each such General Objection is expressly referred to in JJHCS’s objections to a specific Request.

JJHCS’s investigation of facts related to this Action is ongoing. It reserves the right to supplement, amend, modify, or correct its responses under Rule 26(e) should it discover additional information or grounds for objections at any time prior to the conclusion of this Action. The following responses and objections are based upon information known at this time.

1. JJHCS objects to the Requests to the extent that they seek documents or information protected from disclosure by a privilege including, without limitation, the attorney-client privilege, the work-product doctrine, the joint defense privilege, the common interest privilege, the First Amendment privilege, the Federal Rules of Civil Procedure, the Local Rules of the Court, and relevant case law. The inadvertent production by JJHCS of information, documents, materials, or things covered by any privilege or doctrine shall not constitute a waiver of any applicable privilege or doctrine, including but not limited to, objections on the basis of competency, confidentiality, relevancy, materiality, work-product, privilege, and/or admissibility as evidence, as such objections may apply at trial or otherwise in this Action.

2. JJHCS objects to the Requests to the extent that they seek documents or information that are not relevant to a claim or defense or to the subject matter of this litigation. Any response JJHCS makes to any Request shall not be deemed an admission that the response, information, document, or thing produced is relevant to a claim or defense or to the subject matter of this litigation, is reasonably calculated to lead to the discovery of admissible evidence, is material, or is admissible as evidence.

3. JJHCS objects to the Requests to the extent that they impose obligations beyond or inconsistent with those imposed by the Federal Rules of Civil Procedure, the Local Rules of the Court, the Court's orders, the discovery schedule entered in this Action, or any other applicable rule, order, or source of law.

4. JJHCS objects to the Requests to the extent that they seek the production of documents or things that are equally available to or already in SaveOnSP's possession, custody, or control. To the extent that JJHCS agrees in these responses to produce certain documents, information, or things, these responses shall not be construed as conceding that the documents, information, or things exist and/or are in the possession, custody, or control of JJHCS. Instead, it means that JJHCS will perform a reasonable search for documents in its possession and produce such documents, information, or things to the extent any responsive documents, information, or things exist and are not otherwise protected from disclosure.

5. JJHCS objects to the Requests to the extent that they seek documents or information that is obtainable from sources other than JJHCS in a manner that is more convenient, less burdensome, or less expensive.

6. JJHCS objects to the Requests to the extent that they seek production of documents, records, tangible things, or other materials to the extent that such disclosure would violate a confidentiality agreement, court order, or applicable law.

7. JJHCS objects to the Requests to the extent that they are vague and/or ambiguous.

8. JJHCS objects to the Requests to the extent that they require interpretation by it in providing a response. JJHCS responds to the Requests as it interprets and understands each Request as set forth. If SaveOnSP subsequently asserts an interpretation of any Request that

differs from JJHCS's understanding of that Request, JJHCS reserves the right to modify or supplement its objections and responses.

9. JJHCS objects to the Requests to the extent that they are duplicative of other document requests, interrogatories, and/or other discovery requests.

10. JJHCS objects to the Requests to the extent that they are argumentative, lack foundation, or incorporate assertions that are disputed, erroneous, or irrelevant to the Action. JJHCS further objects to the Requests to the extent that they assume facts that do not exist or the occurrence of events that did not take place.

11. JJHCS objects to the Requests to the extent that they seek documents and information relating to any business affairs other than those that are the subject of the Action.

12. JJHCS objects to the Requests as overbroad and unduly burdensome to the extent they purport to require production of "all" or "any" documents where a subset of documents would be sufficient to provide the relevant information.

13. JJHCS objects to the Requests to the extent that they seek the production of documents that are not in JJHCS's possession, custody, or control.

OBJECTIONS TO DEFINITIONS

1. JJHCS objects to the definition of the term "Archbow" as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it includes "any and all predecessors and successors in interest, assignees, parents, subsidiaries, affiliates, divisions or departments, agents, representatives, directors, officers, employees, committeees, attorneys, accountants and all persons or entities acting or purporting to act on behalf or under the control of Archbow." JJHCS further objects to the extent the term is used to seek documents and communications in the possession of entities other than JJHCS or documents that have already

been produced in response to discovery requests made by SaveOnSP to other entities, including but not limited to Archbow.

2. JJHCS objects to the definition of the term “Avalere” as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it includes “any and all predecessors and successors in interest, assignees, parents, subsidiaries, affiliates, divisions or departments, agents, representatives, directors, officers, employees, committees, attorneys, accountants and all persons or entities acting or purporting to act on behalf or under the control of Avalere.” JJHCS further objects to the extent the term is used to seek documents and communications in the possession of entities other than JJHCS or documents that have already been produced in response to discovery requests made by SaveOnSP to other entities, including but not limited to Avalere.

3. JJHCS objects to the definition of the term “Benefits Investigation” to the extent the term is used to seek documents and communications in the possession of entities other than JJHCS. JJHCS further objects to the definition on the grounds that the phrase “receives information regarding the pharmacy benefits provided by a health plan” is vague and ambiguous; JJHCS construes this phrase in the context of this case to refer to information received through investigations into whether a patient is affiliated with SaveOnSP or another copay accumulator or maximizer service. JJHCS further objects to the definition as irrelevant, overbroad, unduly burdensome, and not proportional to the needs of the case to the extent that it encompasses instances in which JJHCS may receive “information regarding the pharmacy benefits provided by a health plan” for purposes other than establishing whether a patient is affiliated with SaveOnSP or another copay accumulator or maximizer service.

4. JJHCS objects to the definition of the term “Janssen” to the extent the term is used to seek documents and communications in the possession of entities other than JJHCS. JJHCS further objects to the definition as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it purports to include “any and all predecessors and successors in interest, assignees, parents, subsidiaries, affiliates, divisions or departments, agents, representatives, directors, officers, employees, committees, attorneys, accountants and all persons or entities acting or purporting to act on behalf” of those entities.

5. JJHCS objects to the definition of the term “Janssen Drug” as irrelevant to the extent it purports to include drugs that are not covered by CarePath or otherwise implicated in SaveOnSP’s scheme to misuse copay assistance funds. JJHCS further objects to the definition as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it purports to include “any Specialty Drug manufactured or sold by Janssen from any time for which patients may receive copay assistance,” even if the drug is not covered by CarePath or otherwise implicated in SaveOnSP’s scheme to misuse copay assistance funds.

6. JJHCS objects to the definition of the term “JJHCS” to the extent it purports to include attorneys and accountants whose documents and communications may be outside of JJHCS’s possession, custody, and control. JJHCS further objects to the definition as overbroad, unduly burdensome, and not proportional to the needs of the case to extent it purports to include “any and all predecessors and successors in interest, assignees, parents, subsidiaries, affiliates, . . . agents, [or] representatives” or purports to include entities and persons acting or purporting to act on behalf of or under the control of entities other than Johnson & Johnson Healthcare Systems, Inc., including Centocor, Inc.; Ortho Biotech Products LP; McNeil Pharmaceutical; Ortho-McNeil Pharmaceutical, Inc.; Ortho-McNeil-Janssen Pharmaceuticals,

Inc.; Scios Inc.; Janssen Biotech, Inc.; Janssen Oncology, Inc.; Janssen Research & Development, LLC; Janssen Pharmaceuticals, Inc.; Janssen Products, LP; Actelion Pharmaceuticals U.S., Inc.; Janssen BioPharma LLC; and Janssen Research & Development LLC.

7. JJHCS objects to the definition of the term “JJHCS Hub Entity” as vague and as irrelevant to the extent it purports to include entities other than those responsible for administering CarePath during the relevant Time Period. JJHCS further objects to the definition as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it includes “any and all predecessors and successors in interest, assignees, parents, subsidiaries, affiliates, divisions or departments, agents, representatives, directors, officers, employees, committees, attorneys, accountants and all persons or entities acting or purporting to act on behalf” of those entities. JJHCS further objects on the ground that the phrase “administer, in whole or in part, CarePath” is vague and ambiguous. JJHCS further objects to the extent the term is used to seek documents and communications in the possession of entities other than JJHCS.

8. JJHCS objects to the definition of the term “Lash Group” as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it includes “any and all predecessors and successors in interest, assignees, parents, subsidiaries, affiliates, divisions or departments, agents, representatives, directors, officers, employees, committees, attorneys, accountants and all persons or entities acting or purporting to act on behalf or under the control of The Lash Group, Inc.” JJHCS further objects to the extent the term is used to seek documents and communications in the possession of entities other than JJHCS.

9. JJHCS objects to the definition of the term “TrialCard” as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it includes “any and all predecessors and successors in interest, assignees, parents, subsidiaries, affiliates, divisions or departments, agents, representatives, directors, officers, employees, committeees, attorneys, accountants and all persons or entities acting or purporting to act on behalf or under the control of TrialCard Inc.” JJHCS further objects to the extent the term is used to seek documents and communications in the possession of entities other than JJHCS.

OBJECTIONS TO THE TIME PERIOD

1. JJHCS objects to SaveOnSP’s Requests as overbroad, unduly burdensome, and not relevant to the subject matter of this Action to the extent they call for documents from after November 7, 2023. Request No. 79

All Best Price Quarterly Reports created or submitted by JJHCS, Janssen, or their affiliates for each Janssen Drug.

Response to Request No. 79

In addition to the foregoing general objections, JJHCS objects to this Request as irrelevant to the extent it seeks information unrelated to the claims and defenses in this Action, including information related to the calculation of Best Price for each Janssen Drug. Issues related to “Best Price” are completely irrelevant to this action. JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks “all” documents and communications regarding a broad subject matter. JJHCS further objects to this Request to the extent it seeks documents and communications that are exempt from discovery and protected from disclosure by any privilege. JJHCS further objects to

JJHCS will not search for or produce documents responsive to this Request.

Request No. 80

A copy of each final contract executed between JJHCS and TrialCard regarding CarePath, including without limitation any final work order.

Response to Request No. 80

In addition to the foregoing general objections, JJHCS objects to this Request to the extent it seeks documents and communications that are exempt from discovery and protected from disclosure by any privilege. JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks documents outside of the relevant Time Period. JJHCS further objects to this Request to the extent it uses the terms “JJHCS” and “TrialCard” for the reasons stated in JJHCS’s Objections to Definitions. JJHCS further objects to this Request as irrelevant to any claim or defense in this Action to the extent it seeks documents and communications unrelated to SaveOnSP or copay assistance provided through the CarePath program. JJHCS further objects to this Request to the extent it seeks documents and communications in the possession of entities other than JJHCS.

Subject to the foregoing objections, JJHCS will produce non-privileged final contracts between JJHCS and TrialCard from the Time Period concerning copay assistance provided through the CarePath program, to the extent that such contracts exist, are in JJHCS's possession, and can be located after a reasonable search. Otherwise, JJHCS will not search for or produce documents responsive to this Request.

Request No. 81

All draft contracts exchanged between JJHCS and TrialCard regarding Copay Maximizers, Copay Accumulators, and/or SaveOnSP, including without limitation any draft work orders.

Response to Request No. 81

In addition to the foregoing general objections, JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks "all" documents and communications regarding a broad subject matter. JJHCS further objects to this Request to the extent it seeks documents and communications that are exempt from discovery and protected from disclosure by any privilege. JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks documents outside of the relevant Time Period. JJHCS further objects to this Request to the extent it seeks documents and communications in the possession of entities other than JJHCS. JJHCS further objects to this Request as irrelevant to any claim or defense in this Action to the extent it seeks non-final, draft contracts that were never adopted or that do not concern Copay Assistance or SaveOnSP. JJHCS further objects to this Request as duplicative of Request No. 80.

JJHCS will not search for or produce documents or communications responsive to this Request.

Request No. 82

All Documents and Communications between JJHCS and Avalere regarding CarePath or Copay Assistance Programs, including regarding (1) Copay Maximizers, Copay Accumulators, and/or SaveOnSP, (2) patient satisfaction with Copay Assistance Programs, including but not limited to CarePath, (3) the impact of Copay Assistance Programs on patient adherence to medication, and (4) reevaluating or changing Copay Assistance Programs based on expected changes to the Best Price Rule.

Response to Request No. 82

In addition to the foregoing general objections, JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks “all” documents and communications regarding a broad subject matter. JJHCS further objects to this Request as irrelevant to any claim or defense in this Action insofar as it seeks information related to patient satisfaction with copay assistance programs (including copay assistance programs not at issue in this Action), the impact of copay assistance programs on patient adherence to medication, and purported changes to CarePath’s copay assistance program based on expected changes to the Best Price Rule. JJHCS further objects to this Request as irrelevant to the extent that it seeks documents and communications between JJHCS and Avalere that are unrelated to SaveOnSP. JJHCS further objects to this Request to the extent it seeks documents and communications that are exempt from discovery and protected from disclosure by any privilege. JJHCS further objects to this Request as overbroad, unduly burdensome, and not proportional to the needs of the case to the extent it seeks documents outside of the relevant Time Period. JJHCS further objects to this Request to the extent it uses the terms “JJHCS” and “Avalere” for the reasons stated in JJHCS’s Objections to Definitions. JJHCS further objects to

this Request to the extent it seeks documents and communications in the possession of entities other than JJHCS.

JJHCS will not search for or produce documents responsive to this Request.

Re: Non-JJHCS Discovery
Johnson & Johnson Health Care Systems, Inc. v. Save On SP, LLC
Case No. 2:22-cv-02632 (JKS) (CLW)

Dear Elizabeth:

We write in response to your February 5, 2024 letter in which you inquired as to whether “in responding to each of SaveOn’s requests,” JJHCS “will identify custodians, search for and produce responsive documents, and provide interrogatory responses based on information outside of JJHCS, including within Janssen.” *See* Feb. 5, 2024 Ltr. from E. Snow to J. Long at 2. The answer is no. We restate our position, held throughout this litigation, that JJHCS is the sole relevant entity within Johnson & Johnson with respect to the development, marketing, and administration of CarePath. Moreover, in response to the Court’s order of June 29, 2023, JJHCS has already updated its interrogatory responses to identify individuals outside of JJHCS responsible for making decisions regarding the CarePath program. Nothing more is required.

SaveOnSP has repeatedly litigated the issue of whether JJHCS is required to search for and produce responsive documents from individuals outside of JJHCS, and JJHCS has repeatedly prevailed. As you know, SaveOnSP brought a motion to compel on this exact issue on June 23, 2023, requesting that JJHCS “(1) respond to SaveOnSP’s interrogatories and identify individuals at all Johnson & Johnson entities with knowledge of the relevant topics; and (2) produce documents responsive to SaveOnSP’s document requests from all such entities.” *See* June 23, 2023 Joint Ltr. to J. Waldor at 4. Judge Waldor refused to order the broad relief that SaveOnSP sought. To the contrary, Judge Waldor ordered JJHCS to undertake a more limited investigation “regarding non-JJHCS personnel . . . responsible for making decisions regarding the CarePath program” and to “supplement its interrogatory responses, as appropriate.” (Dkt. No. 127.) JJHCS complied and produced supplemental responses to SaveOnSP’s interrogatories on July 28, 2023.

Elizabeth Snow, Esq.
February 13, 2024
Page 2

This should have concluded the issue, but SaveOnSP chose to revisit its request at the October 30, 2023 conference. Specifically, despite the issue being fully decided, SaveOnSP renewed its request that JJHCS undertake a broad investigation as to employees at entities other than JJHCS who purportedly have “relevant information” about the CarePath Program. *See* Oct. 30, 2023 Transcript at 37:25–38:24 (requesting JJHCS identify “everyone with relevant information”). Judge Waldor denied SaveOnSP’s attempt to relitigate this issue—observing that the June 29, 2023 order “was pretty clear” and “I am not sure why we’re still arguing about this”—and agreed that JJHCS had taken all steps necessary to comply with the Court’s June 29, 2023 order by conducting an investigation as to the personnel responsible for making decisions as to the CarePath program and updating its interrogatory responses accordingly. *See id.* at 36:9–41:7. This forecloses SaveOnSP’s argument.

Contrary to your representations, Judge Wolfson’s orders have not opened the door for SaveOnSP to relitigate this issue once again. In your February 5 letter, you rely on a portion of the January 24, 2024 conference transcript during which Judge Wolfson ordered JJHCS to designate three additional custodians whose documents would be subject to collection and review based on limited search terms to be negotiated between the parties. *See* Feb. 5, 2024 Ltr. from E. Snow to J. Long at 2; *see also* Jan. 24, 2024 Tr. at 128:14–129:5 (“[A]s I said, these are going to be limited search terms.”). Judge Wolfson’s order requiring JJHCS to designate three additional custodians for limited discovery does not support the broad relief that SaveOnSP seeks.

To be clear, JJHCS will comply with Judge Wolfson’s orders, as stated at the January 24, 2024 conference and memorialized in her February 6, 2024 order (Dkt. No. 192). That order does not obligate JJHCS to conduct a further investigation into whether individuals outside of JJHCS possess relevant information or responsive documents, nor will it do so. We reject SaveOnSP’s latest attempt to relitigate issues that have already been foreclosed by prior orders.

Very truly yours,

/s/Caroline Zielinski

**Re: *Johnson & Johnson Health Care Systems, Inc. v. Save On SP, LLC,*
2:23-cv-02632 (ES) (CLW)**

Dear Meredith:

We write to memorialize our November 27, 2023 meet and confer concerning SaveOnSP's Responses and Objections to JJHCS's Ninth Set of Requests for Production and various topics related to the Court's November 7, 2023 Order.

I. JJHCS's Requests for Production Nos. 95 and 96

JJHCS's RFP Nos. 95 and 96 request all documents and communications concerning SaveOnSP's employee confidentiality obligations and any communications with SaveOnSP employees relating to compliance with or attestation to SaveOnSP's employee confidentiality policies. You have refused to produce documents and communications responsive to either RFP.

During the meet and confer, we explained the relevance of these policies, including that SaveOnSP's employee confidentiality obligations bear directly on measures that SaveOnSP has used to prevent its employees from communicating with JJHCS and others with regard to SaveOnSP's conduct at issue in this action. SaveOnSP's own Response to Interrogatory No. 18 confirms this to be true; indeed, in SaveOnSP's Response to Interrogatory No. 18,

[REDACTED]

See SaveOnSP Response to JJHCS Interrogatory No. 18.

The relevance of these policies and any documents or communications relating to them is conceded by the reference to them in SaveOnSP's own interrogatory responses and therefore indisputable. In our call, you offered no valid basis for refusing to produce these documents. Nor have you articulated any reasonable burden argument to producing the requested documents, let alone to the production of the two policies.

Meredith Nelson, Esq.
November 28, 2023
Page 2

In light of the above, please reconsider your position and produce all documents and communications concerning your employees' confidentiality obligations, including the two policies identified above. If you are unwilling to do so, we will consider the parties at impasse on this issue. Please provide a response by December 5, 2023.

II. Custodians

As discussed during our meet and confer, the Court's November 7 Order directs JJHCS to add six of the seven "CAP" custodians (Kinne, Longbothum, Shontz, Barklage, Hoffman, Platt, and Wyszkowski) and directs the parties to "meet and confer regarding the identities of the additional custodians and to work out any necessary logistics." (ECF No. 173 at 2.) During the meet and confer, SaveOnSP requested that JJHCS add Kinne, Longbothum, Shontz, Barklage, Hoffman, and Platt as CAP custodians. JJHCS agrees to do so, and will review documents hitting on the search strings below for these CAP custodians for the time period January 1, 2022 to November 7, 2023:

- ("CAPa" OR "CAPm" OR "adjustment program") AND (SaveOnSP OR SaveOn OR "Save On SP" OR "Save OnSP" OR Save-On OR SOSP)
- ("CAPa" OR "CAPm" OR "adjustment program") AND "Save On" (case sensitive)

(See ECF No. 173 at 3.) To be clear, JJHCS reserves all rights, including with respect to the remaining custodians at issue in the parties' October 25, 2023 joint letter. (See ECF No. 165.)

III. Terms & Conditions

The Court's November 7, 2023 Order further states that "Defendant shall continue to narrow the scope of its requests" with respect to "Docket Entry Nos. 146 (regarding CarePath Terms and Conditions) and 150 (seeking financial information and data on patient drug adherence)." (ECF No. 173 at 1.) As discussed, SaveOnSP's November 3 proposal, which "repeat[s]" prior requests that "JJHCS identify the predecessor programs from which the 'other offer' provision was drawn and identify the employees and documents sources for those programs" without a time period limitation, does not follow this directive.

We look forward to receiving your proposal containing narrowed requests for production as to CarePath's Terms and Conditions by December 5.

IV. Document Refresh

At the end of our call, SaveOnSP briefly raised the issue of the parties' document refresh. On this point, the Court's Order is unambiguous: it requires both parties to update their document productions "*without limitation*" through November 7, 2023. (See ECF No. 173 at 3.) JJHCS is doing what the Court ordered. JJHCS will refresh its production of documents using all previously agreed-upon search terms for all previously agreed-upon JJHCS custodians through the date of the Court's Order. Indeed, following the Court's Order, JJHCS immediately began

Meredith Nelson, Esq.
November 28, 2023
Page 3

collecting and processing this data so that it could be promptly reviewed and produced, which will in turn allow the parties to complete fact discovery by April 25, 2024, as the Court has ordered us to do. By December 5, please confirm that SaveOnSP is doing the same, *i.e.*, please confirm that:

- SaveOnSP has completed a full collection of every custodian's documents through November 7, 2023;
- SaveOnSP will supplement its production of documents using all previously agreed-upon search terms for all previously agreed-upon SaveOnSP custodians through that date; and
- SaveOnSP is making every effort to produce these documents expeditiously, so that the parties can complete fact discovery—including fact witness depositions—by April 25, 2024.

* * * *

We remain available to meet and confer.

Very truly yours,

/s/ Julia Long

Re: *Johnson & Johnson Health Care Systems, Inc. v. Save On SP, LLC*
No. 2:22-cv-02632 (ES) (CLW)

Dear Elizabeth:

We write in response to your August 28, 2023 letter demanding that JJHCS add thirteen more custodians.

At the outset, it must be said that SaveOnSP has not proceeded in good faith with respect to the issue of custodians. We met and conferred over several hours on August 8 and 9 related to various discovery issues and were scheduled to discuss six of the thirteen requested custodians during that meet and confer. Yet SaveOnSP refused to confer about its own request for these custodians until JJHCS provided a hit count—despite not asking for such a count in advance of our meet-and-confer. SaveOnSP also refused to discuss JJHCS's then-pending offer to withdraw its relevance and burden objections as to two custodians (Quinton Kinne and Daphne Longbothum) “subject to (1) those additions resolving this dispute about custodians and (2) SaveOnSP agreeing to add Ms. Ayesha Zulqarnain as an additional SaveOnSP custodian[.]” July 28, 2023 Ltr. from J. Long to E. Snow at 1. Following the August 8 and 9 meet and confers, JJHCS renewed this offer—and SaveOnSP again declined to accept the two-for-one custodian deal and doubled down on its requests to add four additional custodians.

Instead of negotiating in good faith or asking JJHCS to consider targeted additional custodians, SaveOnSP now demands that JJHCS add thirteen new custodians—mere weeks before the substantial completion deadline, and half a year after SaveOnSP first raised and then dropped several of the demands at issue. This appears to be part of SaveOnSP's ongoing and transparent campaign to restart the discovery clock. JJHCS timely produced thousands of documents from 17 custodians, and has substantially completed its discovery obligations on the Court's original schedule. And so, with one partial exception described in more detail below, JJHCS declines to add the requested individuals or to provide hit counts of their documents, which would require the full collection, processing, and analysis of thirteen custodians at this late stage. This burdensome exercise is not proportionate or merited given SaveOnSP's unwillingness to proceed in good faith and narrow or tailor its sweeping demands.

Elizabeth H. Snow, Esq.

Page 2

I. Custodians Addressed in Prior Correspondence

JJHCS declines to add Quinton Kinne, Daphne Longbothum, Juliette Deshaies, Leigh Wyszkowski, Willian Shontz and Alison Barklage as additional custodians. As JJHCS has stated since SaveOnSP first raised this issue, these individuals are irrelevant to this litigation and the documents relied upon by SaveOnSP do not justify adding them as additional custodians.

A. Quinton Kinne

JJHCS declines to add Quinton Kinne as an additional custodian. SaveOnSP first proposed Mr. Kinne as a custodian on March 7, 2023. JJHCS declined this request in its March 16, 2023 and July 28, 2023 letters. SaveOnSP yet again seeks his addition, relying on a near verbatim argument, a handful of previously cited documents, and interrogatory responses that SaveOnSP has had for nearly eight months.

These documents remain unpersuasive to justify adding Mr. Kinne as an additional custodian. For example, [REDACTED] will be captured by other designated JJHCS custodians, including Lindsey Anderson and Bill Robinson, who are [REDACTED]. See July 28 Ltr. from J. Long to E. Snow at 2. The same is true for [REDACTED]

[REDACTED] See JJHCS_00010098. Non-privileged, responsive communications related to that work would be captured by Mr. Franz's documents. And even if it were true that Mr. Kinne had [REDACTED] with Ms. Wyszkowski or attended [REDACTED] it does not follow that those meetings would have generated relevant email traffic.

B. Daphne Longbothum

JJHCS declines to add Daphne Longbothum as an additional custodian. SaveOnSP first proposed Ms. Longbothum as a custodian on May 9, 2023. JJHCS declined this request in its May 19, 2023 and July 28, 2023 letters and informed SaveOnSP that "based on its investigation, JJHCS has no reason to believe that Ms. Longbothum would have unique documents or communications relating to SaveOnSP" and that her documents would be cumulative of "other custodians from whom JJHCS has agreed to produce documents, including Nidhi Saxena and Hattie McKelvey, to whom Ms. Longbothum reported." See July 28 Ltr. from J. Long to E. Snow at 3 (quoting May 19, 2023 Ltr. from H. Sandick to E. Snow at 2).

None of the materials cited in SaveOnSP's August 28 letter change that conclusion. SaveOnSP cites to [REDACTED]

[REDACTED] but fails to recognize [REDACTED] [REDACTED], see JJHCS_00000027, received the same communication. See JJHCS_00008591. The other documents cited by SaveOnSP are similarly unpersuasive. For example, as JJHCS explained in its July 28, 2023 letter, SaveOnSP's reliance on JJHCS 00001391 and JJHCS 00034500 is peculiar because [REDACTED]. In fact,

Elizabeth H. Snow, Esq.
September 11, 2023
Page 3

SaveOnSP claims that Ms. Longbothum is nonetheless “likely to have unique documents” because Ms. Longbothum allegedly “spearheaded the effort to identify patients who were exhausting their copay assistance funds” but then cites to documents [REDACTED], *see* JJHCS_00001464, [REDACTED], *see* JJHCS_00008838, or [REDACTED] *see* JJHCS_00008802 [REDACTED]). These documents do not support adding Ms. Longbothum as yet another custodian.

C. Leigh Wyszkowski

JJHCS declines to add Leigh Wyszkowski as an additional custodian. SaveOnSP first proposed Ms. Wyszkowski as a custodian on March 7, 2023. JJHCS declined this request in its March 16, 2023 and July 28, 2023 letters and informed SaveOnSP that Ms. Wyszkowski’s documents and communications “will be captured by other custodians from whom JJHCS has agreed to produce documents, including John Paul Franz, to whom Ms. Wyszkowski reported.” *See* July 28 Ltr. from J. Long to E. Snow at 2 (quoting May 19, 2023 Ltr. from H. Sandick to E. Snow at 4).

Nothing has changed in the last four months. For example, SaveOnSP asserts that because [REDACTED], *see* JJHCS_00000551, Leigh Wyszkowski is relevant to this litigation. By that logic, anyone who received or read the Complaint would be a potential discovery target, since the Complaint cites this presentation. This is untenable. As JJHCS has repeatedly stated, Mr. Kinne and Ms. Wyszkowski are in the same reporting line and all responsive documents would be captured by John Paul Franz’s documents.

D. William Shontz

JJHCS declines to add William Shontz as an additional custodian. SaveOnSP first proposed Mr. Shontz as a custodian on May 9, 2023. JJHCS declined this request in its May 19, 2023 and July 28, 2023 letters. As JJHCS has repeatedly stated, “JJHCS has no reason to believe that Mr. Shontz would have unique documents or communications relevant to the litigation, or that any such documents would not be cumulative of those produced from existing JJHCS custodians, Hattie McKelvey and Silviya McCool, to whom he reports.” *See* July 28 Ltr. from J. Long to E. Snow at 3.

None of the documents cited by SaveOnSP merit adding Mr. Shontz. As previously stated, to the extent Mr. Shontz was involved in relevant communications, those documents would be captured by existing JJHCS custodians. For example, SaveOnSP cites [REDACTED]

[REDACTED]. *See* JJHCS 00104645. In addition, SaveOnSP’s reliance on JJHCS 00001202 to state that [REDACTED]. A [REDACTED]

four-day absence falls woefully short as a justification to add Mr. Shontz as a custodian. Other cited communications— [REDACTED]

Furthermore, SaveOnSP's reliance on JJHCS 00008556 and JJHCS 00034500 is odd because [REDACTED]

E. Alison Barklage

JJHCS declines to add Alison Barklage as an additional custodian. As JJHCS stated in its July 28 letter, we understand that Ms. Barklage served as a JJHCS contractor during the relevant period with administrative responsibilities. [REDACTED]

In addition, SaveOnSP's reliance on a series of cites to [REDACTED]

JJHCS 00084507. Second, a [REDACTED]

Consistent with JJHCS's July 28 letter, to the extent Ms. Barklage's custodial files contain relevant documents or communications, they would be cumulative of those produced by JJHCS from other agreed-upon custodians, including, *inter alia*, Heith Jeffcoat, to whom Ms. Barklage reported.

F. Juliette Deshaies

JJHCS also declines to add Juliette Deshaies as a custodian. As JJHCS stated in its May 19 letter, SaveOnSP's own description of Ms. Deshaies's role, and the documents it cites, make clear that Ms. Deshaies's primary responsibilities relate to marketing of certain immunology drugs—not CarePath or any other issues relevant to this action. For example, in JJHCS 0069842, [REDACTED]

[REDACTED] *See id.*

This is completely consistent with JJHCS's prior representations— [REDACTED]

[REDACTED] *See id.* Again, to the

extent Ms. Deshaies's custodial files contain relevant documents or communications, they would be cumulative of those documents JJHCS has produced from other agreed-upon custodians, including Spiliros Asimakopoulos, Heith Jeffcoat, Lynn Hall, and Adrienne Minecci.

II. New Custodians

A. Blasine Penkowski

JJHCS declines to add Blasine Penkowski, JJHCS's Chief Strategic Customer Officer, as an additional custodian. SaveOnSP first raised Ms. Penkowski in the June 23, 2023 Joint Letter in support of its motion to expand the scope of discovery to companies besides JJHCS. As JJHCS explained at that time, JJHCS has "no reason to believe that Ms. Penkowski would have unique documents or communications relating to the SaveOnSP or JJHCS's response to the SaveOnSP program." (Dkt. No. 122 at 12.)

Nothing in SaveOnSP's August 28 letter alters that conclusion. First, Ms. Penkowski's involvement with JALT is not relevant to this lawsuit and does not justify adding her as a custodian. As we have repeatedly explained, responsibility for the CarePath program resides principally with Katie Mazuk, Vice President, Patient Engagement and Customer Solutions and her reporting line. Ms. Mazuk is a member of JALT and an existing JJHCS custodian. As a result, any JALT communications that reference CarePath copay assistance, SaveOnSP, or this litigation already are captured by Ms. Mazuk's documents. (Dkt. No. 122 at 9.)

[REDACTED] JJHCS_00101570, JJHCS_00001668, JJHCS_00001830, and JJHCS_00101641.

Second, SaveOnSP's citation to a [REDACTED] does not alter this conclusion. For example, SaveOnSP describes JJHCS 00084221 as [REDACTED]

[REDACTED] See August 28, 2023 Ltr. from E. Snow to J. Long at 7. This is an inaccurate characterization of the document, [REDACTED]

[REDACTED] . [REDACTED]

[REDACTED]

Third, SaveOnSP's citation to documents alleging that Ms. Penkowski has "unique information" about SaveOnSP or TrialCard similarly fall flat. Ms. Penkowski's [REDACTED]

[REDACTED] See JJHCS_00074697. [REDACTED] See JJHCS_00025908; JJHCS_00025517; JJHCS 00025532; JJHCS 00024511; JJHCS_00025594. SaveOnSP argues that because [REDACTED] that she somehow has "unique information" about JJHCS's relationship with TrialCard. But that logic isn't borne out by the documents—nor is the nature of JJHCS's relationship with TrialCard central to the litigation.

Finally, none of the documents referenced in SaveOnSP's August 28 letter justifies discovery from apex personnel, i.e., high-level executives, like Ms. Penkowski. See, e.g., *Lauris v. Novartis AG*, 2016 WL 7178602, at *4 (E.D. Cal. Dec. 8, 2016) (requiring "more than mere speculation to order [the producing party] to include the apex custodians in [a] search protocol"). "Mere speculation" that Ms. Penkowski's position as "a senior executive might increase the relevance of [her] files" is not a basis for designating her as a custodian. *Mortg. Resol. Servicing, LLC v. JPMorgan Chase Bank, N.A.*, 2017 WL 2305398, at *3 (S.D.N.Y. May 18, 2017).

SaveOnSP offers no reason to believe that Ms. Penkowski would have unique documents or communications specific to SaveOnSP or JJHCS's response to the SaveOnSP program.

B. Scott White

JJHCS declines to add Scott White as an additional custodian. As JJHCS has previously represented to the Court and to SaveOnSP, Scott White is Company Group Chairman, North America Pharmaceuticals, a high-ranking executive with no day-to-day responsibilities for CarePath. He is therefore entitled to protection from undue burden and harassment under the apex doctrine. *See Lauris*, 2016 WL 7178602, at *4; *Mortg. Resol. Servicing, LLC*, 2017 WL 2305398, at *3. SaveOnSP again relies on JJHCS 00001704 to state that [REDACTED]

[REDACTED]. And again, following that logic, any person who received, sent, saw, or heard the SaveOnSP video would be a potential custodian.

Moreover, any relevant documents in Mr. White's possession related to JALT would be found in documents belonging to Ms. Mazuk, a member of JALT and an existing custodian. [REDACTED] [REDACTED]. *See, e.g.*, JJHCS_00001704, JJHCS_00011154, JJHCS_00041213, JJHCS_00001830, and JJHCS_00001668, which all include Ms. Mazuk on the email chain.

SaveOnSP's claim that Mr. White is likely to have unique documents is unpersuasive. SaveOnSP relies on JJHCS 00100210 to show that [REDACTED]

[REDACTED]. Any related correspondence or follow-up regarding this complaint would be captured by Mr. King's documents.

Finally, SaveOnSP's citation to [REDACTED]. *See* JJHCS_00039767, JJHCS_00039772, JJHCS_00039696, JJHCS_00039374, JJHCS_00039378, JJHCS_00039382, JJHCS_00039625, and JJHCS_00039879. [REDACTED]

[REDACTED], TrialCard is already producing documents pursuant to a subpoena served by SaveOnSP.

C. Karen Lade

JJHCS declines to add Karen Lade as an additional custodian. SaveOnSP first proposed Ms. Lade in the June 23, 2023 Joint Letter. Ms. Lade works as a Product Director, Rheumatology Marketing. Based on its investigations to date, JJHCS has no reason to believe that Ms. Lade would have unique documents or communications relating to SaveOnSP or JJHCS's response to the SaveOnSP program. To the extent Ms. Lade's custodial files contain relevant documents or communications, they would be cumulative of those produced by JJHCS from other agreed-upon

custodians, including Heith Jeffcoat, Silviya McCool, Lauren Pennington, and Spilos Asimakopoulos. [REDACTED]

[REDACTED] s. At most, SaveOnSP has demonstrated that [REDACTED]

D. L.D. Platt

JJHCS declines to add L.D. Platt as an additional custodian. Based on its investigations to date, JJHCS has no reason to believe that Mr. Platt would have unique documents or communications relating to SaveOnSP or JJHCS's response to the SaveOnSP program. As JJHCS explained in its July 28, 2023 Supplemental Responses and Objections to SaveOnSP's First Set of Interrogatories, Mr. Platt was "not involved in 'marketing of CarePath or other communications with the public regarding CarePath' on a regular basis outside of communications related to this Action." JJHCS's July 28, 2023 Supplemental Responses & Objections to SaveOnSP's First Set of Interrogatories. To the extent Mr. Platt has documents relating to this Action, those would be protected by the attorney-client privilege, work product doctrine, or another applicable privilege or protection from disclosure. *See* JJHCS_00027974, JJHCS_00027996, and JJHCS_00027998. In addition, in [REDACTED]

E. Ernie Knewitz

JJHCS declines to add Ernie Knewitz as an additional custodian. Based on its investigations to date, JJHCS has no reason to believe that Mr. Knewitz would have unique documents or communications relating to SaveOnSP or JJHCS's response to the SaveOnSP program. As JJHCS explained in its July 28, 2023 Supplemental Responses and Objections to SaveOnSP's First Set of Interrogatories, Mr. Knewitz was "not involved in 'marketing of CarePath or other communications with the public regarding CarePath' on a regular basis outside of communications related to this Action." JJHCS's July 28, 2023 Supplemental Responses & Objections to SaveOnSP's First Set of Interrogatories. To the extent Mr. Knewitz has documents relating to this Action, those would be protected by the attorney-client privilege, work product doctrine, or another applicable privilege or protection from disclosure.

In addition, Mr. Knewitz's involvement with JALT does not merit his addition as a custodian. As JJHCS has made clear, responsibility for the CarePath program resides principally with Katie Mazuk, Vice President, Patient Engagement and Customer Solutions and her reporting line. Ms. Mazuk is a member of JALT and an existing JJHCS custodian. Any JALT communications that reference CarePath co-pay assistance, SaveOnSP, or this litigation, already are captured by Ms. Mazuk's documents. (*See* Dkt. No. 122 at 9.) [REDACTED] [REDACTED]. *See* JJHCS_00001859, JJHCS_00041213.

Finally, SaveOnSP again relies on JJHCS 00001704 to state that [REDACTED] [REDACTED]. That is a nonstarter for the reasons discussed above.

F. John Hoffman

JJHCS declines to add John Hoffman as an additional custodian. Based on its investigation to date, JJHCS has no reason to believe that Mr. Hoffman would have unique documents or communications relating to SaveOnSP or JJHCS's response to the SaveOnSP program. SaveOnSP's reliance on JJHCS 00027236, JJHCS 00026852, JJHCS 00101570, and JJHCS 00114446 [REDACTED].

[REDACTED]. To the extent Mr. Hoffman's custodial files contain relevant documents or communications, they would be cumulative of those produced by JJHCS from other agreed-upon custodians, including John King and Silas Martin.

G. Silas Martin

JJHCS ran specific search terms over Silas Martin's documents to satisfy its discovery obligations as to RFP No. 20. *See* Sept. 6, 2023 Ltr. from E. Shane to E. Snow at 2. The production of Mr. Martin's non-privileged documents responsive to RFP No. 20 were part of JJHCS's Eighth Production of Documents on September 1, 2023, and will be substantially completed before the September 24, 2023 substantial completion deadline.

Very truly yours,
